INTEREST

- Frontend & Full-Stack Web Development
- Traveling
- Quran Reading
- Learning New Technologies
- Creative Problem Solving(Leetcode)

PROFILE

I am an enthusiastic and self-motivated aspiring web developer with hands-on experience in building projects using React. Currently transitioning toward full-stack development with the MERN stack (MongoDB, Express.js, React, Node.js). I have a basic understanding of MERN technologies and am actively expanding my skills through self-study and practice. Passionate about creating responsive, user-friendly web applications and eager to gain real-world experience.

WORK EXPERIENCE

DevWeekends

JUNE 2025-AUG 2025

Mern Stack Developer Intern

E-Shop—Full-Stack E-Commerce Web App

- Live: <https://eshop-eyuz.vercel.app/>
- Code: <https://github.com/hafsoo/ESHOP>

Tech Stack: React.js, Node.js, Express.js, MongoDB, Socket.IO, Tailwind CSS

- Developed a role-based e-commerce platform with three dashboards: User, Admin, and Seller
- Integrated real-time communication using Socket.IO between Admins and Sellers
- Implemented JWT-based auth, secure checkout, and responsive UI

Internee.pk

React Developer Intern

JUNE 2024-AUG 2024

- Redesigned the company's official website using React, enhancing UI/UX and code modularity.
- Implemented Firebase Authentication with multiple login methods (email/password, Google), secure password management, and role-based routing.
- Used Redux Toolkit to manage and integrate application state across multiple components.
- Integrated RESTful APIs using Fetch, while handling loading and error states to improve user experience.
- Developed a responsive portfolio website using advanced CSS media queries for mobile-first compatibility.
- Deployed projects live via Vercel and shared code on GitHub, demonstrating end-to-end development experience.

EDUCATION

BS Computer Science

University Of Education, Township Campus Lahore

2022 - 2026

3.71 CGPA

PROJECTS

- Flavoro Food App—Simple food ordering app using React.js & Tailwind CSS
- Responsive Portfolio Website—Personal portfolio using React.js & Tailwind CSS
